DETAILED ACTION

1. The amendment dated 02/14/2011 rewrites previously allowable claim 29 in independent form, thus overcoming the objection previously made. Newly added claim 31 depends on previously allowed claim 30 and is therefore allowed.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
3. Please amend the claims as follows: In the first line of the claims under the words IN THE CLAIMS , replace the previous listings with "1 - 28 (canceled)"

Allowable Subject Matter

4. Claims 29 – 31 are allowed.
5. The following is a statement of reasons for allowance: Independent claims 29 and 30 are directed to a sodium bismuthate compound used as an additive in a grease composition. The closest prior art references by Takata (US 6,020,290) in view of Willey et al. (US 2004/0092408) teach inorganic bismuth compounds such as bismuth oxides and bismuth sulfates suitably used for imparting antiwear and extreme pressure properties to a grease composition but do not recite

sodium bismuthate. No reference in the prior art teaches using sodium bismuthate as additives in lubricating oils or greases.
